Ai is enabling us to serve our patients with breakthrough longevity treatments and it's only getting better."

"We created the Advanced Longevity brand in 3 days, which normally takes us 3 weeks and typically takes an agency 3 months."

TOM LAMBOTTE

Ai Accelerator Educator and Visionary

Tom Lambotte is a serial entrepreneur with multiple startups under his belt, each contributing uniquely to the tech industry. With over 15 years of experience, Tom has transitioned from hands-on founder roles to becoming an influential educator and visionary in Artificial Intelligence (Ai). He has taught Ai to industry leaders like Peter Diamandis, Tony Robbins, and several billionaires, solidifying his reputation as a sought-after expert.

His current focus is on the Ai Accelerator, a groundbreaking initiative aimed at accelerating the adoption and understanding of Ai technologies. Through this venture, Tom is a pivotal figure in shaping the future of technology.

In the past, Tom founded GlobalMac IT, which excelled in providing outsourced IT services to Apple-based law firms. He has since transitioned to a Founder role to focus on broader technological advancements. Another venture, BobaGuard, offered premier cybersecurity solutions to law firms and has also seen Tom move to a Founder role.

Tom's unique ability to spot market opportunities, coupled with his creative mindset and determination, has earned him recognition as a visionary leader. He is a frequent speaker at industry events and has been featured in numerous publications.

Tom resides in Chardon, OH, with his wife, four children, and two French Bulldogs. In his free time, he enjoys cooking, photography, and reading. He loves being in the water, although Ohio's climate and his young children make it a challenging endeavor. Comfortable in shorts and flip-flops, Tom embodies the relaxed yet focused demeanor of a true innovator.

"This is a \$1M package. It's shocking the amount of high-quality content that we've created."

"I've been trying for years to create this kind of content. I've paid a lot of money to others to try to get to this level. No one has ever taken me by the hand and sat my ass in a chair and said you're not going to leave here until we have this, this and this. Crazy thing about is, I didn't even realize that is what we were doing. I felt like we were just kind of pals having a conversation. But it was all happening in real time, in from of me. Mike has an innate ability to sit down and hammer things out. Plus he has a deep understanding of my business, and his ability to communicate, both empathy and sympathy, knowing the value of our message is unmatched."

Steve Marler - Founder Advanced Longevity & Advanced Body Scan

"In 3 days we created a new story and presentation that raised over \$500k in a night from a 12-minute speech. And we crafted a new business model to commercialize his nonprofit."

"Ten years ago I was performing heart surgery on a CHD patient, saving a child's life. 4 days later, I had to deliver the devastating news to the parents of a child suffering from CHD that were out of options. Their child was condemned and there was nothing I could do.

My only thought at that moment was that there had to be a BETTER WAY!

I founded HeartWorks. Our stem cell technology is changing the way CHD is treated and we are finding the solution for the tens of millions suffering from heart conditions around the world."

"Mike and the team accelerate everything, they create things in real time."

30+ Years at the Forefront of Branding, Marketing & Technology

"Mike is an extraordinary man."

"He's brought me insights on how to reach people on the Internet that are so valuable.

This is a man you should deal with. Take advantage of what he has to offer."

– Tony Robbins

"Mike Koenigs is the "Doc" Brown of marketing and technology."

"One question or one problem scenario unlocks his brain and 20 to 30 ingenious ideas pour out of it. One idea grew my database from 30,000 to 800,000 in 14 months. Another one contributed to a product launch that generated a million dollars in three days. Most recently another contributed to a marketing process that is now generating \$250,000 a week. Mike Koenigs is a brilliant marketing muse who can make you money!"

- Darren Hardy, Founding Publisher/Editor SUCCESS magazine and Mentor to CEOs and High-Performance Achievers

"Totally energizing, unpredictably clever, and 'same day' productive."

"Mike's a hoot to work with, and his system gets you deep inside his entrepreneurial brain. Totally energizing, unpredictably clever, and 'same day' productive. He was already exploring and map-making the explosive combination of technology x marketing before most of today's players were out of kindergarten. There's tons of hard-earned business muscle here – taking advantage of smart-fast-easy exponential shortcuts. What Mike's got himself here is a great new 'experience economy' transformer."

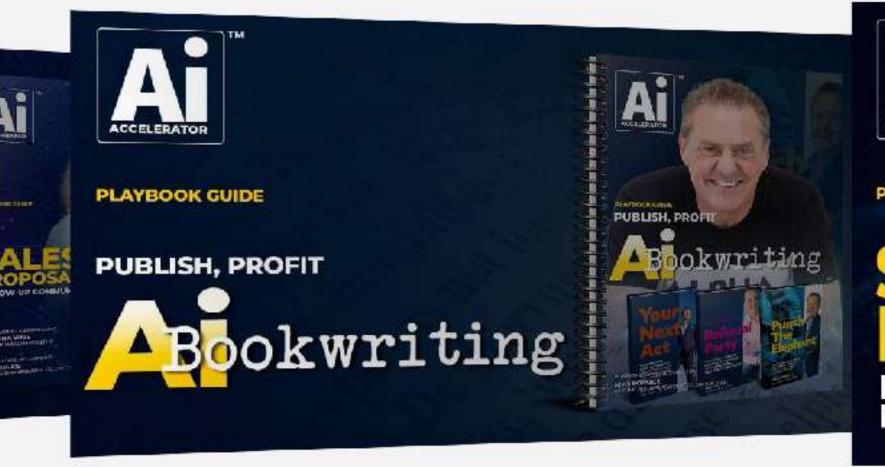

- Dan Sullivan, Founder Strategic Coach, Best-Selling Author, Speaker, Coach

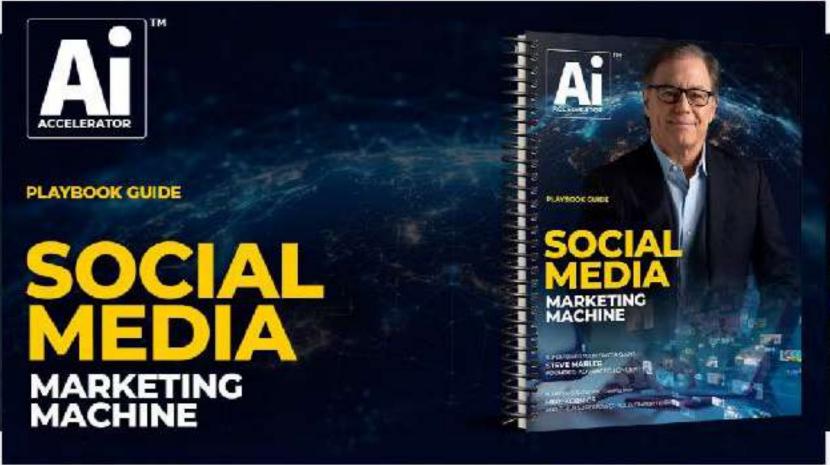

The Power of Ai a Work
